Subject: Request for Information on Certificate of Conformity - HD Diesel Truck

Hi Kristi,

With regard to the information that you are seeking for a "Certificate of Conformity" (please see the **yellow** highlights below), that particular information is not maintained here in the EPA Region 8 Office. Therefore, in response to your submitted FOIA request, EPA's Region 8 Office does not have any responsive documents with regard to PACCAR Trucks and an EPA-issued Certificate of Conformity.

We do note, though, that both Engine and Vehicle Certificates of Conformity are prepared and maintained at EPA's Office of Transportation and Air Quality (OTAQ). Our OTAQ office is located in Ann Arbor, MI. If you have the specific engine family information, you may consider first trying to search for the OTAQ Certificate of Conformity document at this EPA website: <https://iaspub.epa.gov/otaqpub/>. However, I have looked on occasion at this website for other Certificates of Conformity for other citizens and have not been entirely successful (and needed help from OTAQ personnel.)

If you do not have success in locating the desired Certificate of Conformity at the above website, I would then recommend contacting OTAQ's **Steve Healy** at (734) 214-4121 (EDT) or at healy.stephen@epa.gov. Steve has provided assistance in the past with Certificates of Conformity for heavy duty on-road diesel trucks.

I hope this information is helpful.

Please note that we will close your FOIA request and note this response to you to fulfill our obligation to respond to the FOIA.

Thanks!

Tim
